That the permittee shall observe the existing laws and regulations for the protection of the fisheries of Alaska and for the administration of the said reservation, (copies of which are attached hereto and the conditions of which are made a part of this permit), as well as those that may hereafter be enacted or promulgated for such purposes.

5. That all herring fishing operations shall terminate January 31, 1924, after which time a close season will be imposed through May 31, 1924; however, if at any time before January 31, 1924, the quality of the fish is not suitable for packing, all herring fishing operations shall immediately cease, and a close season will thereupon become effective, and this permit will become void.
